# Chairman's Note

May 1, 2021

Dear readers,

I have just completed my third year on the Foundation Board and my first year as Chairman. The Alumni have once again participated in the election of the four candidate's whose three-year term was completed in mid-April. I am happy to report that the four members who were nominated, were reelected. Thank you to everyone that participated in the electronic voting process!
The new 2021-22 Board of Directors held a zoom meeting the day following the election results were posted and Board officers were voted in place by the members. The four Board officers were reelected to their respective positions:

Doug Pennock '72 - Chairman
Tom Del Valle '73 - Vice-Chairman
Gary Cripps '71 - Treasurer
John Arthur '75 - Secretary

We have had a very challenging year and have had to deal with dozens of issues ranging from personnel changes,

bookkeeping nightmares, Insurance issues and oh, I almost forgot a little speed bump for planet earth, COVID-19.
Over the last 12 months the Board and Museum Staff have rolled up their sleeves and have attacked each problem and challenge practically on a weekly basis. I am very grateful to our entire team for a job well done.
We are not out of the woods yet, because we have yet not found a way to cover our monthly operating deficit, but the various conditions that hindered our moving forward to becoming self-sufficient have been resolved, so we will now be able to focus on how to beat that little detail!
We have a terrific Museum Staff in place. Amy Hensley has found her gait as the Museum Administrator as many of you can witness first hand if you ever need to contact her or better yet, visit the museum.
Our bookkeeping is shored up and we have upgraded our accounting software so that all of our accounting information is on the cloud and our bookkeepers are now able to maintain our accounts and payroll in real time.
Our accounts payable are all being paid on time and our donation, reunion, raffle and PX income is accounted for daily.
We are now covered with the proper liability and workman's comp insurance and are paying about 50% less than a year ago for all of our policy's! In addition, we received several thousand dollars in reimbursements from our insurance company for overpayments made over the past 3 years.
Our taxes for the last 3 years have finally been filed so we are no longer in danger of being penalized by the Federal

and State governments and more importantly, possibly losing our 501c3 standing.

Rich and Bj. d'Orsay have done a heroic job of compiling all of our various Past Perfect Alumni databases into one platform, all of which had been stored on various stand-alone computers in the Museum. This massive amount of information has been manually entered into an updated multi user Past Perfect platform that will also be stored in the cloud. This new powerful tool will allow us to access and use Alumni data for research and as was the case this week, gather information on several Alumni who were roommates of a 1953 graduate that visited the museum! That particular task would have taken hours just a month ago. The new Past Perfect module will also allow us great flexibility to open up an Electronic Museum portal which eventually will allow users to experience and explore many more items and stories that are actually on display at the house!

The closer we get to Reunion, the more chatter I get from many sources that many of our Alumni, who have not been back in years, will be attending the 2021 reunion!!!

So even though 2020-21 was a hectic roller coaster ride for the Foundation Board, Museum staff and myself, I am feeling pretty good about what we can expect for the next 12 months!

Team effort!

## State of the Committees Report

**Respectfully submitted by Douglas W. Pennock**

**Shortly after I became Chairman of the AMA Alumni Foundation last year, I formed 9 Committees. I was warned that the Committee structure had been tried before and was not very impactful or helpful in years past. Nevertheless, I proceeded with assigning Board and non-Board members to various committees and shared my vision of what the outcomes should be with all of the chairmen. So far, the Committee method has worked very well at Board meetings because essentially, our quarterly meetings are a series of Committee reports. That keeps the Committees on track and the Board stays fully informed as to what everyone is working on.**
**This is a snapshot of what has been accomplished by the various committees over the last 12 months.**

**1. Reunion Support - Chairman Jorge Rovirosa**
**Members Garry Granger, Steve Trent and Don Studer**

This committee hit the ground running last year and has not stopped to take a breath! Five months from the reunion, every aspect of this complex event, has been planned and organized. Hotels, caterers, events and timelines are all lined up. The reunion events have been simplified to allow much more leisure time to allow all attendees to enjoy spending time with old and new friends and actually spend more time on campus. Probably the most important goal of this year's Reunion committee is to offer a really great meal at all of the events! I am positive that everyone will be very pleased with this year's reunion!

The fact that over 35 people have registered for Reunion 2021 five months before the event speaks volumes for the work this committee had accomplished!

**2. Financial Committee - Chairman Gary Cripps**
**Member Jorge Rovirosa**

This committee was thrown into high gear shortly after this Board began our term. Gary Cripps headed up a one-man Museum financial audit that brought to light many, many accounting and bookkeeping deficiencies and irregularities. The following four months brought a total makeover of the Museum Staff leadership, accounting practices and a change of bookkeeping firms. This committee must get the credit for averting certain closure of our organization! I am happy to report that all bookkeeping and accounting issues have been resolved and proper checks and balances have been put into practice.

**3. Sports Hall of Fame - Chairman John Arthur**
**Member Tom Del Valle**

John Arthur has brought a radical change in the way our SHOF candidates are reviewed for qualification. Every candidate has an extensive background review performed by John. Much of John's work is done at the museum where he will read Recalls and Bayonets and any other information he can get on each candidate. He will also reach out to candidates and teammates to get a personal perspective on them. John will prepare a very detailed document on each former athlete and will distribute them to his election committee voters, all of whom are members of the SHOF. This year's 5 candidates were voted into the Hall unanimously…

**4. Fundraising Chairman - Gary Morrison**
**Members - Ed Rogerville, Tom Del Valle and Warren Fleming**

The Fundraising committee had limited results at their attempt to shore up large donations to the Museum. This was mostly due to the fact that our financial records were in such a state of disarray. It was practically impossible to position ourselves to ask for money from foundations, philanthropic organizations and Government grant opportunities. We expect that will change now that our financial records are clean.

**5. AWOL Committee Chairman - Larry Nicholson**
**Members Frank Williamson and Gordon Metz**

Larry Nicholson was given a back breaking mission by me to chair this particular committee. Yet I had full confidence that he was up to the challenge! Larry's "Who is your one" campaign has begun to bear fruit because there has been a slow but steady increase in chatter and interest in things AMA. We can clearly see positive results by the fact that many folks have registered to attend the reunion. I would also like to recognize Victor Gomez for the job he has done finding and reaching out to all of our Latin Cadets going back to 1950. I am looking forward to a good turnout from our Latin brothers.

**6. Election Committee Chairman - John Arthur**
**Members Frank Williamson and Gordon Metz**

Once again, Chairman Arthur has shown us his organizational skills in the way he and his team were able to make this year's Foundation Board election well attended and supremely transparent!

**7. Public Relations Committee Chairman - Garry Granger**
**Members Bj d'Orsay, Steve Trent and Amy Hensley**

The energy created by Garry Granger and his team is exhilarating! I have never seen so many ideas and projects being discussed and implemented at our organization at the same time. Community outreach is a major focus and beginning this month the new monthly event **NOBLE LEGENDS SPEAKER SERIES** will kick off. Please see the official announcement **HERE.**

Amy has negotiated free radio spots to promote our various events. Listen to the radio spot **HERE**. Free Bluegrass music festivals, bazaars, open house events and even craft sales will be occurring on the AMA Campus all summer and fall.
So, the old stucco building in Ft Defiance off of Route 11 has their lights on finally!

**8. Museum Upkeep Committee Chairman - Gordon Metz**
**Members Rich vanBreemen, Brett Thompson and Don Studer**

Because our museum is housed in an old wooden building proper upkeep and maintenance is vital to protect our collections. Brett Thompson is to be commended for the enormous amount of time and effort he has put in to helping with museum maintenance issues. Amy, Rich and Chris are constantly on the lookout for small issues that may become big problems and bring them to my attention. We have quietly repaired and maintained all of the problems that have surfaced over the past year and the house is in tip top shape. We will be preparing a plan and budget for various expensive projects that we know will be coming up over the next couple of years such as painting the building and repairing the porch properly.

**9. PX Chairman - Gary Cripps**
**Members Amy Hensley and Chris Correa**

Amy's first stab at her new job was to attack the PX. She re arranged the way the store was laid out and has rearranged all of the displays, bought new inventory and is working on ways to sell all of our old slow-moving inventory. Amy's merchandising style appears to be working since the PX sales have grown to $500 -$700 in monthly sales, up from a measly average of $100 per month in sales. Our on-line sales are still very weak, but we are working on a very exciting new concept that will incorporate eBay into our store. More on that in future reports.

# AMA SPORTS HALL OF FAME
## 2021 Winners are:

I'm proud to announce that we have six new members of the Augusta Military Academy Sports Hall of Fame (SHOF). Congratulations to the following for their selection as the SHOF Class of 2021:

**- 1948-49 Football Team**
**- Mike Basto '63 (Football, Swimming, Lacrosse & Tennis)**
**- Col. Timothy Mannasmith 1967-1984 (Varsity Tennis Coach and Athletic Director)**
**- Karl Halemau '71 (Lacrosse, Soccer, Track and Swimming)**
**- Bruce Strange '72 (Lacrosse and Football)**
**- Jim Mitchell '76 (Basketball, Baseball, Soccer, Fencing & Rugby)**

Under the leadership of the AMA SHOF Selection Committee (chaired by John Arthur '75), a team of current Sports Hall of Fame members were assembled for this effort. Nominations were sought and received, and an information packet on each nominee was developed and distributed to the five SHOF Fame voters. The SHOF voters were:

**- Nick Syropoulos '69**
**- Tom Del Valle ' 72**
**- Larry Nicholson '75**
**- Mal Livick '75**
**- 1SG (Ret'd) Don Studer SHOF Inductee, Former Coach and Faculty Member**

Please mark your calendars to celebrate their induction, as well as the induction of the Class of 2020 members, on **Saturday, 18 September** during the luncheon! Due to the COVID restrictions, the following alumni were selected for induction in 2020, but the ceremony

didn't occur due to the reunion cancellation last year. The SHOF Class of 2020 inductees:

- **Major Edwin Hart (1962-1973: Varsity Lacrosse Coach / 1962-65: Varsity Assistant Football Coach)**
- **George Richardson '64 (Football, Baseball, Track & Swimming)**
- **Charles R Livick Jr '77 (Football, Basketball & Lacrosse)**

One thing we have learned, trying to gather historical individual and team athletic information after 1975, is very challenging. Unbeknownst to many, the ***Recalls*** ceased to be produced / published after 1975. And the ***Bayonet*** archives are not as information "intensive", as one would think, given database limitations.
We are asking that any graduates from 1975 on-that have any historical information (won-loss records, team or individual photos, etc…) please contact the AMA Museum and John Arthur' to coordinate sending copies to add to our achieves! And please take the time to think about a fellow graduate and/or team that might be deserving of consideration. Announcement for the Class of 2022 SHOF will be made in the fall timeframe.
Again, our heartfelt congratulations to our SHOF Class of 2020 AND 2021 inductees! And our sincere thanks to the SHOF Selection Committee for the outstanding job in synchronizing this activity for all of us, and to our five SHOF voters for their support.
See you in September!!!

John Arthur '75
Chairman SHOF Committee

## The Hermit That Lived Behind The Barracks

September 3, 2002

I was a new cadet in the fall of 1966. Although I attended the non-military Summer School the previous few months and felt like I knew the buildings, grounds and some of the faculty, I was still just 13 years old and very, very impressionable.
As was the MO of AMA, I heard the stories about the Hermit that lived behind the barracks…in a cave ... near the river ... and who sometimes came to the barracks in search of clothes, blankets and food. We never really believed it, did we??? And even if we did, I never saw him...and words were cheap.
During summer school I'd been taken Snipe hunting, but figured it out before being left out in the pasture at 10 p.m. ... thank God!!!
And I sat up late with old cadets listening to the Hermit stories –

sometimes curious … sometimes scared and usually skeptical. Thanksgiving and Christmas break came and went. It was February and the radiators were keeping us warm as taps blew and I fell asleep on the top bunk wrapped in my blue AMA patched blanket. It must have been 3 a.m. when I heard the noise.
I awoke and listened carefully, but could only hear the silence of the courtyard and 300 kids asleep in their bunks … only an AMA cadet knows this sound. Then it started – it was a step, a hard step and then a dragging sound like the other foot didn't cooperate. It was slow and deliberate and there must have been 10 seconds between each step. I guessed it was 4-5 rooms down the stoop and coming my way. I opened my eyes, but was too scared to look at the windows in my door. I slid deeper into my blanket and listened as the steps grew closer and louder. The fear that overtook me was powerful – I didn't know what to do, but I thought whatever it was would know I was awake and come into my room. I was petrified as the footsteps came past my door and stopped. The seconds seemed like minutes and the minutes like hours.

## Doug Pennock's Viewpoint
**May 2021**

**Dear fellow Alumni and friends,**

**Spring is in full force and the leaves are flushed out at Fort Defiance, it seemed that winter was never going to end!**
**Just as everywhere in North America, winter has also ended in Puerto Rico and the chilly 68-degree evenings are a thing of the past. We really jump from winter to summer in the tropics and our trees are perpetually green, but as you can see, the weather down here is pretty much identical as in Virginia when it comes to the four stations of the year. Well sort of the same, ok so the sun rises in the east and sets in the west! There, just like Virginia and the other 47 states of the upper 48.**
**My point is that we have all been raised and have lived in thousands of different geographic locations and diverse social economic conditions. When we first set foot on the AMA campus, we were still connected to the umbilical cord of our past life. That all ended the moment our parents left the AMA Campus and we were introduced to the school barber. Benny in my case…**
**We were a diverse collection of young men when we woke up on that Fall day and we morphed into a totally different looking kid when taps played that night. The kaleidoscope of personal appearance, personality and ethnicity in all of us was to be quickly placed into the AMA osterizer which would forcibly transform us into what appeared to be a homogeneous**
**collection of teenage boys. By the time we went home for Winter break, many of our parents did not recognize who walked into the house! Luckily, the osterizer ride did not affect our personalities so much, as to change who we were as an individual. Life at AMA was made up of a**

**series of very structured days that would follow a very structured timeline of events, we all wore exactly the same clothes and marched to the same drumbeat, but each and every one of us was clearly a different personality. We all bonded with each other in some way or another, and most of us consider the friendships that we made at AMA to be by far the strongest we have today.**
**So yes, my winters are a teeny bit more moderate than what most of my AMA brothers live through every year, but the warmth I feel in my heart for AMA and more importantly the people I have met at AMA over the past 5-plus decades is hopefully matched by others out there.**
**So now you know why I consider that the weather up there is pretty much the same as down here!**

# From the Administrators Desk

**May 1, 2021**

Hello!

Here we are finally in May, and warmer weather is sprouting up in the Valley! May brings us just four months away from Reunion 2021. If you have not registered yet, please do so soon. You can register on the website amaalumni.org and following the links. May also brings us some new opportunities to share AMA with the community. Beginning May 19 and continuing every 3rd Wednesday of each month, we will be hosting a guest speaker series, "Noble Legends." More information about the series will be posted on the website. We are also planning a Memorial Day event on May 29 here at the museum to honor our fallen.
Please watch the website for news of these and future events.
A clean-up day is planned for May 7. We will be planting flowers and cleaning the museum. We are asking for anyone who can volunteer to please come help. We are also always looking for volunteers to be a docent on weekends. Your support is greatly appreciated! For more information, please call me at the museum, 540-248-3007.
We are very excited to announce that we were awarded 40 thirty to sixty-second radio spots from Harrisonburg Radio Group. Our spots

will first air on April 29 and will continue to air on April 30, May 3-7, and May 10-12. You can listen live to the radio station by following this link: 96.9 WSIG | Real Country – Real People (969wsig.com); click "Listen" for live stream. We will also have this link and a copy of the radio ad on the website.
The PX will get a spring cleaning, and new items are in the works! Watch for the latest inventory! We have new coffee mugs, new shirts, golf towels, kitchen towels, and much more!

Warmest Regards,

Amy Hensley
Office Administrator, AMA Alumni Museum

# Volunteers needed!

Amy and the Museum staff are going to hold a Spring cleaning day at the museum on Friday May 7.
Dusting, mopping, hosing down, window cleaning, brass cleaning, pretty much what we would do to the barracks in preparation for GI inspection...
All of you that live in the general vicinity of Virginia, are cordially invited to show up and lend a hand!

Thank You!

# WINDOWS

By: Rich vanBreemen

Many months ago, when I had first started working at the museum, a gentleman was here taking elaborate measurements of the school buildings in an effort to construct a scale model. I lost track of him and his project, but in the course of his exploration, I ended up with 2 old window frames from the SINKS of the Old Barracks.

Being the proverbial “pack rat” I could not discard them; but what do I do with them? Chris and I discussed various options and we decided on restoring the window frames with fresh paint over patched up wood and new glass. Chris has (with permission) gone into the old barracks and taken several photos through the original windows of the school grounds and surrounding landscape. We will have one of those photos enlarged and fitted behind the restored window to give the impression of looking out the window, “back in the day”. Look for it when you come to reunion and visit the museum.

An interesting thing about windows, you can look IN or you can look OUT through them. Each gives the viewer a different perspective. Obviously, our plan will give the viewer a perspective of the outside of campus – what it might have looked like to a young cadet who has a few quiet moments to relax before inspection, class or drill. What would he have been thinking while looking OUT,

viewing the beautiful Shenandoah Valley through those small glass panes? As a young man his whole life and future would be there before him and maybe the vast openness of the countryside, as seen through those windows would encourage those thoughts. Maybe the view reminded him of the FREEDOM that was waiting just beyond the campus walls when he completed his year at the Academy.
Today, as guests and alum come to visit the academy grounds, they often take time to look IN, through the dirty and broken glass of the old barracks. Perhaps this view is reflective of their lives – of time that has come and gone, the years having flown past faster than anyone could have imagined. Perhaps they merely see a broken building and furniture with rubbish piled up on the grounds and think of all the wasted hours cleaning, polishing and maintaining the barracks, only to find it now dilapidated and abandoned. But then again, maybe they see it as it was and smile at some long-ago forgotten prank that happened, "right over there".
Windows are interesting things. Looking through them not only stimulates our visual senses; they can stimulate our minds and remind us that we can look to the future, or reflect on the past.
