

Remembering our brothers who have passed from this life

CAPRETTE, SAMUEL J. JR. '43

Died 28 August 2001, at home, in Chagrin Falls, OH. Survived by his wife, Betty.

At Augusta one year.

(2003 Summer *Bayonet*)

Caprette sent the following information to the Alumni on 18 June 2000, explaining why he had not attended the annual Reunion:

"I would like to thank all of you for your friendly greetings, however I will not be at the next reunion. Some 15 months ago I was diagnosed with MSA - Multiple System Atrophy - also called the Shy-Drager syndrome. It affects my balance and my manual dexterity. As a consequence I can no longer walk nor write and typing is very difficult. Thus I may not reply very quickly to messages." (6/18/2000)
