The Voice! D.O.C. And there's no doubt that his favorite dish is spam! Dave's been confessor to the girls at Stuart Hall e'er these many years, and there's no doubt that the personality kid has been just about the best business manager that a yearbook could have. Never quiet, never calm, always active, his voice has sometimes led him into trouble, but his desire to do what's right can't be doubted!

David Oliver Conrad died in 2018 in North Carolina when he was 78 years old.

No other details are available about David's passing.

Steve Trent, '70, said, "I knew this David from years ago. He was very active up until a few years after Gary Nicholson's death. He sold Gary & Susan the land that they built their home out Emporia, VA way.

Dave was another guy involved with the Museum Renovation."

Dave received the AMA Alumni medal in 2002. He was also the first president of the newly formed AMA Alumni Association in 1970.
