George I. Crispen, Jr. 48

George was so very proud of his 3 years at Augusta. He told me more than once about walking down the middle of the highway on Sundays in full dress uniform with rifles on their shoulder to go to church. He was on the rifle team and they would sing "Onward Christian Soldiers" as they marched. His training at Augusta came in handy when he was in the Marine Corps. He always read the Bayonet from front to back. I hope you will put this in the next issue of the Bayonet. Thank you.
