"I regret to inform you all that Eliot V. Parker '55 passed away in April of this year. I just found out today from a close friend of mine who was a classmate of Eliot's at West Point.

"I had talked to Eliot ("Budgie") last year and we were somehow going to get together this year but it never happened. He knew a lot about the death of Bruce Haynes as they were so close.

"He was a good athlete, student, officer and friend. I talked with his wife in Mocksville, NC, just a moment ago and it appears that memories of AMA were with Eliot right up to the end." (T C Lea, 6/18/2000)
