

Remembering our brothers who have passed from this life

Darrell G. Puckett, '61

December 24, 1943 - February 10, 2017

One year cadet, Private Band Company. Debate, Fencing (epee), Cotillion Club

On Feb. 10, 2017, our dear "Darry" left this earth to fly with the angels.

Darrell G. Puckett was born Dec. 24, 1943, in Dalhart, Texas. He was raised in both Texas and Ohio, being a transient war baby. He had a deep love for his Texas heritage. Darrell attended Augusta Military Academy, Fort Defiance, VA.

He so loved the life of service and brotherhood that he joined the USAF after graduation. He spent his 20 year Air Force career as an electronics engineer, and as a procurement and reconnaissance specialist. These talents were specifically employed during the Vietnam War. His numerous medals attest to his dedication to his service.

After retirement, Darrell continued to work at various employments, but was still stirred to enrich others with his passion for WWII, railroad modeling with the Lubbock Model Railroad Association, and numerous hours of dedication to Silent Wings Museum.

Darrell leaves behind his beloved wife, Jeanette; daughter, Leith Ann Murph and husband, Scott; an uncle, Richard Puckett and wife, Fern; sister, Annie Plummer and husband, Mitty; and sister, Gail Mowrer.

A private family service will be held at a later time.
