"Just say sports and Bobby comes into our mind. In his two years at Augusta, he has acquired letters in football, being Captain for the last year—basketball, baseball. We will remember him for his famous 100-yard run in the football game with Miller School. Then in the three extra periods against Fishburne, he was the only varsity player left in the game. With his good looks and athletic ability, women beware!" (1945 RECALL)
